

KZF Design an Interior Design Giant
for 25th consecutive year

design giant

KZF Design has again been ranked as one of the nation's top 100 Interior Design Giants by *Interior Design Magazine* in its January 2010 issue, jumping 37 places from last year. KZF also placed among the top 10 interior design firms in government work.

KZF's Workplace Design Studio owes this honor to our clients, who have helped make us an Interior Design Giant every year for the past 25 years. We congratulate our design professionals and staff for their unwavering dedication to delivering inspired design solutions that consistently exceed expectations.
