## Hemmer Builds U.S. Worldwide Logistics Facility Near Airport

**HEBRON, Ky. (July 13, 2010)** -- The Paul Hemmer Company has begun construction of a warehouse and distribution facility for U.S. Worldwide Logistics, Inc. in the Airpark International Business Park near the Cincinnati/Northern Kentucky International Airport. The project at 2750 Earhart Court, Hebron, is a 42,400-square-foot building -- a major expansion for U.S. Worldwide Logistics at the location.

It isn't the first time the company has turned to Hemmer for its construction needs. U.S. Worldwide Logistics has called on Hemmer to build a half-dozen projects over the years. Steve Stapleton, vice president for sales and logistics at U.S. Worldwide Logistics, has a working relationship with Hemmer that spans three decades.

"I picked Hemmer for this project, because they came in with a good price. But I also picked them because I know I can depend on them to get the job done on time and on budget," Steve Stapleton said.

Headquarters of U.S. Worldwide Logistics in Hebron.

U.S. Worldwide Logistics, Inc. currently operates an 82,000-square-foot facility at Airpark International. Founded in 1991 as a full service global logistics provider, the company offers complete customs brokerage, domestic and international forwarding and logistics services. The company delivers freight door-to-door and dock-to-dock to more than 1,500 cities worldwide. It also delivers a full array of logistic services, and it is known for its superior customer service. U.S. Worldwide Logistics is a family business; owner and CEO Pam Stapleton began the business in 1991 and was joined by her husband, Steve Stapleton, in 1996. Jon Bennett of KZF Design is the architect for the newest project for U.S. Worldwide Logistics. The expansion is expected to be completed by Hemmer by November 1.

Paul Hemmer Companies is a real estate development, building and construction services firm with a history in the tri-state dating back to 1921, when it began operation as the John M. Hemmer Construction Company. Reorganized in 1982 as the Paul Hemmer Companies, it has since developed 15 million square feet of industrial, commercial and retail property in Greater Cincinnati and throughout the United States. Hemmer has consistently ranked on the *Deloitte Cincinnati USA 100* list of the largest privately held companies in Greater Cincinnati. It was named the 2007 Small Business of the Year by Cincinnati USA Regional Chamber. Specializing in design/build industrial, commercial, and retail construction, Paul Hemmer Companies also offers site election, tenant improvements and complete building care services.
